## **Clean Up in Chatham County Underway**

SAVANNAH, GA (September 4, 2016) – Chatham County had crews out conducting damage assessment and removing downed trees from roadways on Friday and Saturday after Tropical Storm Hermine moved through our area. Clean up efforts will resume on Monday as Chatham County Public Works begins the task of removing debris. Regularly scheduled pickup of yard waste and bulk waste has been postponed until debris from Tropical Storm Hermine has been removed. Crews are diligently working to remove debris and we ask our citizens to understand that it will take several weeks to get back to our regular schedule.
